

Eliminate the pain of lesson planning and save time doing it.

Teacher PlanIt takes away the pain of lesson planning and saves you time while doing it. With Teacher PlanIt, you can create backwards-designed lessons that are standards-aligned, methodical and pedagogically sound in under five minutes.

Teacher PlanIt is the solution to the problem of instructional-under planning.

Why is Teacher PlanIt the answer? Teacher PlanIt offers teachers of English Language Arts a lesson-planning platform to:

- *Smartly and efficiently design lesson plans*
- *Collaborate with colleagues*
- *Communicate with students and parents*
- *Planning.*

While teachers plan, Teacher PlanIt is working behind the scenes to generate analytics that:

- *Paint trends in student performance*
- *Display your instructional tendencies*
- *Suggest the overall effectiveness of the lessons*

This data contributes to teacher growth, and improved instructional effectiveness that advances student learning and performance.
